# EveryOneCloud

EveryOneCloud simplifies the collection of presence and location data for any organisation using cloud based devices, applications and services. Our system and devices are designed to work in any environment from white collar to mobile worker, from dusty industrial environments to academic institutions.

### EveryOneCloud is:

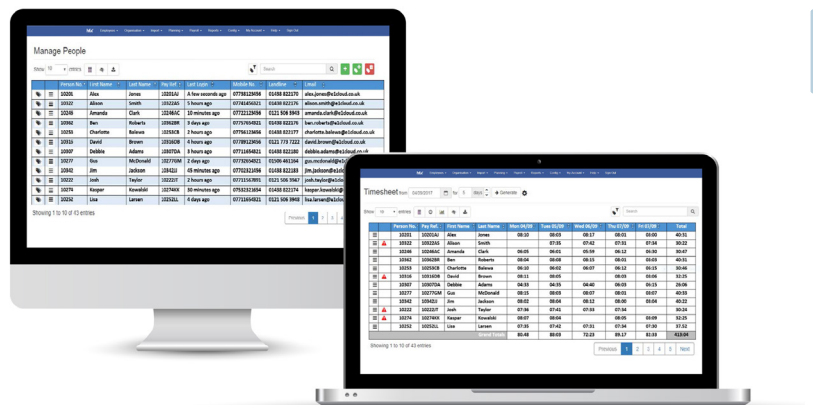

- A new cloud based offering, ready to go in minutes
- A cloud solution, therefore no need for servers or software installation
- Software as a Service, fixed monthly fee, no capital outlay

### Use EveryOneCloud to:

- Keep your people safe by tracking their location and attendance in real time
- Automatically create timesheets
- Integrate with your Workforce Management Software
- Provide real time roll call in case of emergency
- Remotely enrol staff on biometric readers
- Set alerts/triggers based on clockings, time or location
- Export data to payroll, workforce management, student attendance as well as time & attendance systems

### Use EveryOneCloud to collect data from:

- Biometric devices: finger print, face and hand scanners
- Mobile app clocking
- ID card readers: RFID/Mifare/HID/EM
- PCs, Laptops & Tablets

## Start clocking from 50p per employee per month

Be up and running within 15 minutes with our three easy steps:

1. CHOOSE YOUR CLOCKING DEVICE

2. CHOOSE THE FEATURES YOU NEED

3. EMAIL [SALES@HFX.CO.UK](mailto:SALES@HFX.CO.UK) OR VISIT [WWW.HFX.CO.UK](http://WWW.HFX.CO.UK)
